

Nordic Winners of #EUvsVirus.

Winner of	Nationality	Name	Idea	Link
1. Social & Political Cohesion: Developing people driven economics	Bulgaria, Germany, Malta, Sweden , Switzerland	Aidbind	Aidbind solves the information gap between the demand, supply and funding of medical products, procured via donations and charity. We provide a data platform combining hospitals needs with available suppliers and funds.	https://devpost.com/software/aidbind-g3k5f0
2. place, Business Continuity : Efficient teamwork	Norway	Lunsj	Why we are making Lunsj Our goal is to spark social connection at work, enabling organizations to become more inclusive, increase knowledge sharing and grow organizational culture.	https://devpost.com/software/lunsj-hbfni2
3. place, Business Continuity : Value chains and logistics	Iceland , United States	GreenBytes	The COVID pandemic has exacerbated the food waste problem faced by restaurants, distributors, and food producers. We're observing both over-ordering by retailers and overproduction by food producers, but no balance between the two. Our team at GreenBytes recognizes that the food supply chain needs optimization.	https://devpost.com/software/greenbytes-g13wzm
2. place, Business Continuity : Stay close to your customers	Sweden	Break Even	We are aware that businesses are suffering. Most of us want to support them but do not know exactly how. Break Even is a solution that creates an interface that could visualize exactly how much help a business needs in real-time. Customers then get a definite way to act and help the community to "break-even".	https://devpost.com/software/break-even
3. place Business continuity: Other category	Finland, Sweden.	AID IT TO	Our aim here and now is to turn good intentions into valuable giving, to help society collaborate by making municipal, regional and public health needs available in aggregated form in a digital storefront, to enable citizens and businesses to know how and with what they can support in the best way.	https://devpost.com/software/aiditto-turn-good-intentions-into-valuable-giving
3. place Social & Political Cohesion: Mitigating	Bulgaria, Canada, Denmark , Germany	Trust in Science	"TRUST IN SCIENCE" seeks to combat mistrust in science. It also intends to delegitimize unsubstantiated societal decisions or folk beliefs based on intuition and tradition (like drinking	https://devpost.com/software/path2integrity

Fake News spreading	, Ghana, Israel, Poland, Spain, United Kingdom		alcohol to fight corona). This is achieved through citizen engagement via access to clear guidance on how to detect fake news as well as through raising awareness about the importance of scientific peer-reviewed research on battling the Corona Crisis.	
1. place Social & Political Cohesion: Support arts and entertainment	Finland , Germany, Greece, Italy, North Macedonia, Portugal, Slovenia, Spain, United Kingdom, Norway	Guide-Your-Guide: Experience culture from home	The very first Web based app that enables personalized and interactive guided tours to sites and museums.	https://devpost.com/software/guide-your-guide
